Message to Premier KIM IL SUNG Adopted By Attendants of Study Lecture of University Students and Teachers of Japan

A message addressed to Premier Kim Il Sung, the respected and beloved Leader of the 40 million Korean people and outstanding Marxist-Leninist, was adopted at a lecture of students and teachers of the Aichi University, Japan, which was held on June 27 to study "On Some Theoretical Problems of the Socialist Economy," his work of genius.

The message reads in full:

His Excellency
Kim Il Sung
Premier of the Cabinet
Democratic People's Republic of Korea

We studying in the Aichi University held a lecture today to study **"On Some Theoretical Problems of the Socialist Economy,"** your new work on economics, on the occasion of the month of anti-U.S. joint struggle from June 25 to July 27 for the withdrawal of U.S. imperialist aggressor troops from South Korea.

Through today's study we deeply realized that this work is an outstanding document on the problems of the socialist economy and it, together with **"Theses on the Socialist Agrarian Question in Our Country"** authored by you and your report at the Celebration of the 20th Anniversary of the Founding of the Democratic People's Republic of Korea and your other works, is a programmatic document written on the basis of sharp criticism of Right and "Left" opportunism.

This work of yours is an example in defending the purity of Marxism-Leninism in the field of socialist economic theory and in creatively developing it to suit the actual conditions of Korea.

While studying your work, we also deeply grasped your great ideas of *Juche*.

You waged an unflinching struggle for the liberation of the fatherland from your early age, have made great successes today in the socialist revolution and socialist construction in Korea and always leads to victory the Korean people opposing U.S. imperialism and striving for the unification of the fatherland and the Korean revolution.

The brilliant exploits made by the Korean people in the revolution and construction under your great leadership greatly inspire the peoples of many countries of the world who are struggling against imperialism and for national independence, genuine freedom and peace.

Today U.S. imperialism, despite its decisive defeat in Vietnam, is intensifying the manoeuvres for new war provocation and aggression again in Korea and other parts and gravely endangering peace in Asia.

The strategic line on strengthening the anti-imperialist, anti-U.S. struggle put forth by you under such conditions has evoked the powerful sympathy and support of the fighting peoples of the world.

We resolutely denounce the new war provocation manoeuvres of U.S. imperialism in Korea and strongly demand the immediate withdrawal of the U.S. imperialist aggressor troops from South Korea.

Today the feelings of trust in and reverence for you, a great Marxist-Leninist of our times and one of the outstanding leaders of revolution in modern times, are growing deeper among the Japanese students.

With this study lecture as an occasion we will further strengthen solidarity with the Korean people who are heroically fighting and intensify still more the struggle for driving U.S. imperialism out of Japan, Korea and the rest of Asia.

We will also determinedly oppose the reactionary policy of the Japanese militarist forces partaking in the U.S. imperialist machinations of war and aggression and wage a vigorous struggle for defending Japan's independence, peace and democracy and the rights of the Koreans in Japan.

We reverentially wish you good health and a long life for the independent unification of Korea and for the victory of the anti-imperialist, anti-U.S. struggle throughout the world.

Long live friendship and solidarity between the peoples of the two countries of Japan and Korea!

The General Federation of Syrian Workers' Trade Unions scathingly denounced the U.S. imperialists and Pak Jung Hi puppet clique, their stooges, who have converted South Korea into a complete colony and aggressive military base of U.S. imperialism, and are intensifying provocative acts and war preparations against the Democratic People's Republic of Korea and opening to the Japanese militarists the road of reinvasion of South Korea.

The General Federation of Syrian Workers' Trade Unions expressed militant solidarity with the South Korean people, working class and youth and students who are vehemently waging the anti-U.S., national salvation struggle of various forms including the armed struggle and courageously fighting against the long-term "office" scheme of the Pak Jung Hi puppet clique and for democratic freedom and rights in particular.

The General Federation of Syrian Workers' Trade Unions recognized that the occupation by U.S. imperialism of South Korea and its policy of aggression are the root cause intensifying tension in Korea and the basic obstacle in the way of Korea's unification, and strongly held that the U.S. imperialist aggressor troops should get out of South Korea immediately and the "U.N. Those Who Should Be Judged and Executed Are None Other Than U.S. Imperialists, Pak Clique

JOINT LETTER TO WORLD BODIES AND PEOPLES

PYONGYANG, July 17 (KCNA)—Public organizations of our country sent a joint letter to the international democratic organizations and democratic public organizations of all lands of the world on July 17 exposing and denouncing the criminal act unpardonable down through generations committed by the U.S. imperialist aggressors and the Pak Jung Hi fascist gang, their stooge, in murdering at last Comrade Kim Jong Tai, Chairman of the Seoul Municipal Committee of the United Revolutionary Party, who was an ardent patriot, indomitable revolutionary fighter and winner of "International Prize of Journalist," defying the strong protest and denunciation by the Korean people and the people throughout the world.

The joint letter reads:

International democratic organizations and democratic public organizations of all lands of the world struggling for the freedom and liberation of the people and democratic development of society!

The southern half of our fatherland today is the scene of a fierce fight between revolution and counter-revolution and between patriotism and treachery, and there the U.S. imperialist aggressors and the Pak Jung Hi puppet clique are becoming all the more wanton as the days roll on in their bestial barbarities of murder against the revolutionaries and patriots struggling for freedom and liberation and the independent unification of the country.

The U.S. imperialists who are occupying South Korea by the force of arms and imposing a ruthless colonial fascist rule upon it, and the Pak Jung Hi fascist gang committed on July 10 a heinous barbarity unpardonable down through generations by murdering at last Comrade Kim Jong Tai, Chairman of the Seoul Municipal Committee of the United Revolutionary Party, who was an ardent patriot, indomitable revolutionary fighter and winner of "International Prize of Journalist," defying the powerful protest and denunciation by the entire Korean people and the peoples the world over.

The U.S. imperialists and the Pak Jung Hi gang of murderers perpetrated such brutal barbarity provoking the wrath of all humanity, while becoming increasingly frenzied in their manoeuvres for unleashing a new war of aggression, at a time when the flames of the anti-U.S., national salvation struggle is raging furiously in South Korea. This is one more vicious challenge to the entire Korean people and the world people.

By this, the U.S. imperialists and the Pak Jung Hi fascist gang once again revealed before the whole world their ugly colours as the most ferocious and vicious fascist hangmen and most heinous and dastardly gang of murderers.

Now the entire Korean people are sternly denouncing with surging national indignation the U.S. imperialists and the Pak Jung Hi gang of murderers who killed in cold blood Comrade Kim Jong Tai, an indomitable revolutionary fighter, and their hearts are aflame with the determination to take a hundred-fold, thousand-fold revenge upon the beasts.

Conveying to the international democratic organizations, the democratic public organizations of all countries of the world and the world people the grievous news that Comrade Kim Jong Tai, indomitable revolutionary fighter, who had dedicated his whole life to the struggle for freedom and liberation and the independent unification of the country, was brutally murdered by the U.S. imperialists and the Pak Jung Hi gang of murderers, we once again indict before the whole world the criminal barbarity of murder committed by the U.S. imperialists and the Pak Jung Hi fascist gang.

As widely known already, Comrade Kim Jong Tai was a faithful soldier of the great Leader and a true son of our fatherland who fought, dedicating his whole life, to embody in South Korea the revolutionary ideas of Comrade Kim Il Sung, the respected and beloved Leader of the 40 million Korean people.

Comrade Kim Jong Tai fought against the Japanese imperialist colonial slave education when our country was downtrodden under the colonial rule of the Japanese imperialists and fought undauntedly against the U.S. imperialists' occupation of South Korea and their colonial fascist rule from the first days following the August 15.

Comrade Kim Jong Tai was an indomitable revolutionary fighter who brightly lit the path of struggle before the masses of the South Korean people groping in darkness, by disseminating among them the great revolutionary ideas of Comrade Kim Il Sung, the brilliant Leader of the Korean revolution, and when the masses of the people demanded a general staff of the South Korean revolution, formed, together with his comrades-in-arms in revolution, the United Revolutionary Party, a powerful underground revolutionary organization with the revolutionary ideas of the Leader as its guiding compass and struggled with all devotion to overthrow the U.S. imperialists' colonial fascist rule and liberate the South Korean people groaning under exploitation and oppression.

And the Comrade was an ardent patriot who fought, forgetting sleep and rest, against the policies of war and fascistization of the U.S. imperialists and the Pak Jung Hi puppet clique in South Korea and for winning democratic freedom and rights, bringing to an end the tragedies of territorial division and national split and achieving the peaceful unification of the country.

The revolutionary activity of Comrade Kim Jong Tai was a link in the righteous anti-imperialist, anti-U.S. common struggle of the world people against U.S. imperialism, the chieftain of aggression and war and the most truculent common enemy of mankind, and part of the sacred anti-imperialist, national liberation struggle of the exploited and oppressed peoples of Asia, Africa and Latin America for freedom, liberation and democracy.

Through his whole life, Comrade Kim Jong Tai accomplished lofty fighting exploits which will shine long in the glorious revolutionary history of our country and made a great contribution to the struggle of the world people for the freedom and liberation of the people and for democracy.

The revolutionary struggle for the South Korean revolution and the unification of the fatherland is an entirely righteous patriotic struggle reflecting the unanimous desire and aspiration of the South Korean people to see the 40 million Korean people live in happiness together in a unified and independent fatherland free from exploitation and oppression.

The chaotic situation created in South Korea today leaves the South Korean revolutionaries and people no alternative but to rise in a struggle against the U.S. imperialists and their stooges.

South Korea, a complete colony and aggressive military base of the U.S. imperialists, has been turned into a human hell and land of darkness where the people cannot live any longer in the way they live now, owing to the colonial fascist rule of the U.S. imperialists over the last two decades and more.

How can a Korean of conscience, who values the future of the country and nation, sit back and watch such lamentable situation of South Korea? It was only too natural that Comrade Kim Jong Tai rose up determinedly in the sacred anti-U.S., national salvation struggle for overthrowing the U.S. imperialist colonial rule, the root cause of all the misfortunes and sufferings of the South Korean people, and beating down the Pak Jung Hi fascist gang, the traitors for all ages.

It is clear to everyone that this can never be a "crime," still less an object of punishment.

Therefore, the international democratic organizations, the democratic public organizations of all countries of the world and the world people have sternly denounced the U.S. imperialists and the Pak Jung Hi fascist gang for brutally repressing and murdering South Korean patriots, expressing firm solidarity with Comrade Kim Jong Tai and other South Korean revolutionaries and people in the anti-U.S., national salvation struggle and the Executive Committee of the International Organization of Journalists awarded Comrade Kim Jong Tai honourable "International Prize of Journalist" in high recognition of the exploits performed by him in the anti-U.S., national salvation struggle.

Nevertheless, the U.S. imperialists and the Pak Jung Hi fascist gang brutally murdered Comrade Kim Jong Tai by most atrocious method, wielding the notorious "National Security Law" and "Anti-Communist Law."

However heinous a fascist hangman may be, can he be more ferocious than this gang of murdgrers? The U.S. imperialists and the Pak Jung Hi fascist gang are, indeed, uncommon murderers and beasts without parallel for all ages and in all places.

"South Korean people, actively fight for the release of illegally arrested and imprisoned revolutionaries and patriots!" "We actively support and encourage the anti-U.S., national salvation struggle of the South Korean people!" shook the meeting place incessantly, reminiscent of a tribunal in the literal sense of the word for bringing down a sledge hammer of revenge upon the head of the enemy.

The speakers expressed the firm conviction that the South Korean people will determinedly storm the bastion of the enemy, crush the U.S. imperialists and their stooges to the last man and carry to accomplishment the revolutionary cause left unfinished by Comrade Kim Jong Tai. (KCNA)

Sworn Enemy Shall Pay for Blood Shed by Comrade Kim Jong Tai Tens of Millions of Times

Memorial Address by Comrade Li Jin Yung, Representative of URP, at Memorial Service for Late Comrade Kim Jong Tai

PYONGYANG, July 14 (KCNA)—Comrade Li Jin Yung, representative of the United Revolutionary Party, made a memorial address at the memorial service for the late Comrade Kim Jong Tai, Chairman of the Seoul Municipal Committee of the United Revolutionary Party, held at the Pyongyang Grand Theatre yesterday.

He said that Comrade Kim Jong Tai, an indomitable revolutionary fighter, who had fought heroically for the accomplishment of the South Korean revolution and the historic cause of the unification of the fatherland, holding aloft the great revolutionary ideas of Comrade Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, died a heroic death with the victory of the revolution near at hand, to our deep regret.

He denounced with burning wrath the U.S. imperialists and the Pak Jung Hi gang who murdered Comrade Kim Jong Tai.

The enemy will be made to pay the price of the blood shed by Comrade Kim Jong Tai tens of millions of times, the speaker declared.

The comrades-in-arms of the late Comrade, he added, are gritting their teeth swearing revenge, with the determination to throw the packs of traitors, the mortal foes, into one pit and crush them all.

At this moment when we are paying the last homage to the late Comrade who always encouraged the comrades-in-arms saying "Let us arm ourselves with the revolutionary ideas of Comrade Kim Il Sung" and "Let us follow the revolutionary spirit of the anti-Japanese guerrillas," his comrades-in-arms are deeply engraving on their hearts his revolutionary feats and exploits and resolving to wage a bloody life-and-death battle for accomplishing without fail the lofty cause he left unfinished, the speaker said.

He said that the late Comrade who upheld the ideas of the Leader with single devotion and burned with loyalty to the Leader set for his comrades-in-arms an example in the revolutionary struggle, sweeping the U.S. imperialists and their stooges, a gang of villains, into terror and shudder and taught his comrades with his own example how a soldier of the Leader should die a worthy death and how he should adorn his end.

He reviewed the life of Comrade Kim Jong Tai which was a course of a worthy revolutionary struggle against the oppressors and for the liberation of the oppressed masses.

Comrade Kim Jong Tai who was born into a poor family at the foot of the Palgong Mountain where the Keumho River flows, in 1926, waged an anti-Japanese ideological enlightenment movement among patriotic students in the dark days under the Japanese imperialist rule, looking up to the banner of the restoration of the fatherland raised by General Kim Il Sung, the brilliant commander of the anti-Japanese struggle, and after the Liberation he always stood in the van of the nation-wide resistance of the people in the southern half against the occupation of South Korea by the U.S. imperialist aggressors, the robbers, and in the grim period of the Fatherland Liberation War, he plunged himself into the selfless work of receiving the heroic People's Army advancing like a raging torrent, routing the enemy, and for the victory in the war, and during the April Uprising he commanded the fighting ranks on the spot.

The speaker said that the late Comrade published the "Hankook Rodong Shinmoon" with a few comrades-in-arms, expending his whole property, and distributed over 9,000 copies of newspaper daily among workers and other poor masses of the people free of charge, thus implanting the revolutionary ideas of the Leader in the mind of the masses.

The speaker said that the late Comrade waged an undaunted struggle for the overthrow of the fascist rule of the U.S. imperialists and Pak Jung Hi clique, their stooge, and for the liberation of South Korea and the freedom and happiness of the people and finally set out on the great work for founding a revolutionary Marxist-Leninist Party.

The speaker recalled what the late Comrade told his comrades-in-arms when starting the work for founding the Party: "Comrade Kim Il Sung, the Leader and outstanding guide of our nation, put forth at the 4th Congress of the Workers' Party of Korea a historic task before us revolutionaries in the southern half for founding a Marxist-Leninist Party. There is no greater sacred work than this for us Communists. Let us respond to the call of the Leader and comply with the request of the fatherland by carrying out this great task, fighting our way through all difficulties." The speaker said that the late Comrade, as Chairman of the Seoul Municipal Committee of the United Revolutionary Party, rendered

PYONGYANG, July 15 (KCNA)—Rodong Shinmoon today carries an editorial article captioned "Exploits of Struggle Made by Comrade Kim Jong Tai, True Revolutionary Soldier of the Leader Will Shine Forever in History of Revolution of Our People."

The article says:

Our people reverently pay homage to the late Comrade Kim Jong Tai, an indomitable revolutionary fighter, ardent patriot, prominent author and Chairman of the Seoul Municipal Committee of the United Revolutionary Party, who, upholding the great revolutionary ideas of Comrade Kim Il Sung fought devotedly along the road of revolution indicated by him, performed brilliant exploits and died a heroic death, and express deep condolence to his bereaved family and his revolutionary comrades.

Comrade Kim Jong Tai was a faithful revolutionary soldier of the Leader who had fought energetically in the past 20 years and more to carry into effect the great revolutionary ideas of Comrade Kim Il Sung, the respected and beloved Leader, and his line and policy for the South Korean revolution and the unification of the fatherland, a fine revolutionary who skilfully organized and mobilized workers, peasants and other broad masses of people of South Korea in the sacred anti-U.S., national salvation struggle, an indomitable Communist who fought unbendingly with fortitude in any adversity to accomplish the revolutionary cause and a prominent author who energetically organized and carried on bold and flexible political propaganda among the masses.

The article points out that born into a poor peasant family in North Kyungsang Province, Comrade Kim Jong Tai, convinced of the liberation of the fatherland, fought resolutely against the Japanese imperialist policy of colonial enslavement in the grandiose historical period when Comrade Kim Il Sung, the great sun of our nation, was guiding the anti-Japanese armed struggle, and after Comrade Kim Il Sung returned home in triumph, Comrade Kim Jong Tai with ardent loyalty to the Leader, took the road of the just struggle for liquidating the colonial rule of U.S. imperialism in South Korea and unifying the divided fatherland, upholding the ever-victorious revolutionary ideas of the Leader, and especially at the time of the April Uprising, he organized and guided the mass uprising of the people in the areas of Kyungsang Provinces.

On the road of this glorious struggle he assumed the heavy duty of the Chairman of the Seoul Municipal Committee of the Party, and vigorously organized and guided the work for laying the mass basis of the Party, while expanding and strengthening the Party organization.

He also formed the "National Liberation Front" and the "Fatherland Liberation Front," illegal organizations.

Through "Selected Works of KIM IL SUNG" and other immortal works of genius of the Leader and the biography of Comrade Kim Il Sung, Comrade Kim Jong Tai always brought home to the masses of people the great revolutionary ideas of the Leader, the over 40-year-long glorious revolutionary history of the Leader and the sagacity of his leadership and his lofty virtues and tirelessly explained and propagandized the superiority of the socialist system established in t he northern half of the Republic under the outstanding guidance of the Leader and the happy life of the people in the northern half.

Comrade Kim Jong Tai published the "Revolutionary Front," the organ of the United Revolutionary Party, and its journal "Chungmaik" and carried on energetic journalistic activities as their publisher, editor and author, ardently calling for rejecting outside forces and establishing the independence and *Juche* of the nation, incisively condemning and denouncing the crimes of the traitorous hordes and country-selling flunkeyists and powerfully rousing the revolutionary masses to the anti-U.S., national salvation struggle against the U.S. imperialists and their stooges.

Readers Sent Letters Of Solidarity

On the occasion of the Month of the Anti-U.S. Joint Struggle for the Withdrawal of the U.S. Imperialist Aggressor Troops from South Korea (June 25-July 27), readers are dispatching letters to "the People's Korea" denouncing the horrifying criminal acts of the U.S. imperialists and their stooges Pak Jung Hi fascist military gang against the Korean people and expressing support to and militant solidarity with the Korean people in their just struggle for an independent, peaceful unification of Korea.

Canada Young Communist League

The following is a letter from C. McFadden, General Secretary, the Young Communist League of Canada:

The true face of aggressive U.S. imperialism has been exposed to the youth of Canada by the barbaric, even genocidal, war waged against the people of Vietnam by the U.S. imperialists as in the Korea War.

The young pepple of Canada understand even more clearly with the unfolding of events that intervention in Vietnam was not the first imperialist war waged by the ruling circles of the U.S., but is symptomatic of a continuing and advancing disease of U.S. capitalism.

We can speake on behalf of growing numbers of young Canadians expressing our solidarity with the people of Korea, with their struggles to free their southern part from the jaws of U.S. imperialism, with their aspirations for peace, for national independence and for socialism.

California Reader

A letter from Mrs Pauline Maichel L Popoff, Montrose, California, U.S.A. reads:

I wish to express my full sympathy with the cause not only of the people of Korea, but all the peoples of Asia—victims of Western military aggressors. It is the Twilight of Imperialism—which has chosen the suicide road to extinction.

Millions of my countrymen share your bitterness, your frustrations, as well admire your determination to carry on the fight to throw off the yoke of foreign occupation, and the tyranny of a puppet in South Korea—whose days are numbered, as are those of the puppet in South Vietnam.

Our problems are no less difficult in our own country. We too want to be free of war ... and military domination. Masses of our people are suffering persecution, prison sentences, just for opposing war in Vietnam. A great awakening is taking place in this last empire of a monopolistic Capitalism. The Insanity of Greeds is bearing bitter fruit.

Korea must and will be united—. What is needed most is a full cooperation among the Asian peoples.

The great people of CHINA and JAPAN— and KOREA—must stand united, or be exploited forever!

These human butchers have committed in South Korea countless crimes indelible forever against the Korean people in the past. Recently alone, the beasts brutally murdered in prison Comrade Choi Yung Do, Chairman of the South Cholla Provincial Committee of the United Revolutionary Party, and arrested and imprisoned large numbers of patriots on charges of involvement in the socalled "case" of the United Revolutionary Party, "case" of the People's Revolutionary Party, "case" of the revolutionary organization in Imja Island, "case" of the South Korean Liberation Strategic Party, "case of the Operative Groups for Communizing South Korea" and many other "cases," and are scheming to punish them in groups, putting them to bestial tortures and persecution.

The beasts are resorting to unprecedented barbarity of repression: They fire tear gas shells at random at students who turned out, barehanded, in a demonstration struggle for winning democratic freedom and rights, and rain blows on them with clubs by mobilizing heavily armed puppet police and even spray poison gas from airplanes.

This is nothing but the last-ditch effort of the U.S. imperialists and the Pak Jung Hi fascist gang to stamp out the growing revolutionary forces in South Korea and maintain the crumbling colonial fascist rule.

Those who should be sternly judged and punished by the people in South Korea are none other than the U.S. imperialist aggressors and the Pak Jung Hi fascist gang.

With no barbarous repression can the U.S. imperialists and the Pak Jung Hi fascist gang bridge over the crisis of their tottering colonial fascist rule or ever stave off their imminent doom.

The murder of Comrade Kim Jong Tai is now evoking indignation among the entire Korean people and arousing the South Korean people more vigorously in the anti-U.S., national salvation struggle.

With the determination to take a hundred-fold, a thousand-fold revenge upon the U.S. imperialists and the Pak Jung Hi fascist gang who murdered Comrade Kim Jong Tai, the South Korean revolutionaries and people are waging a staunch struggle in towns and villages, underground and in montains and even in prison and "court" to carry to accomplishment the cause of South Korean revolution left unfinished by him. It is an inevitable law of the development of history that revolution defeats counter-revolution and patriotism judges treachery. No force can turn back the wheel of the development of history.

We firmly believe that the international democratic organizations, the democratic public organizations of all countries of the world and the peoples throughout the world will express active support to and solidarity with the Korean people in their just cause by denouncing more staunchly the U.S. imperialists and the Pak Jung Hi fascist gang who murdered Comrade Kim Jong Tai and are brutally repressing and murdering other South Korean revolutionaries and by waging a more vigorous struggle for the unconditional and immediate release of all the arrested and imprisoned South Korean revolutionaries and patriots and the expulsion of the U.S. imperialist aggressor troops from South Korea.

a true paragon of all the South Korean revolutionaries for his infinite loyalty to Comrade Kim Il Sung, the respected and beloved Leader and the great sun of our nation, and for the immortal exploits he performed for the revolution, upholding the great revolutionary ideas of the Leader, the article says.

It quotes the following words of Comrade Kim Il Sung:

"The priceless achievements of struggle gained by the revolutionaries and patriotic people in South Korea in their sacred fight for the freedom and liberation of the people, for the unification and independence of the fatherland will shine forever in the glorious history of revolution in our country."

The great exploits made by Comrade Kim Jong Tai hold a due place in this high appraisal by the Leader of the valorous struggle of the South Korean revolutionaries and patriots.

The staunch revolutionary spirit of the late Comrade Kim Jong Tai who was a faithful revolutionary soldier of the Leader will flare up into the raging flames of revolution in the hearts of the South Korean revolutionaries and people and the revolutionary cause left unfinished by him will certainly be carried to completion by the South Korean revolutionaries, his comrades-in-arms, and patriotic people, the article stresses.

It denounces the U.S. imperialists and their villainous stooges who, while raising a frantic racket to provoke a new war, are continuously hatching vicious plots to punish and murder a large number of South Korean revolutionaries and patriots who rose up in the just national salvation struggle.

The article continues:

The South Korean revolutionaries and patriotic people should lift higher the fierce flames of revolutionary struggle to decisively shatter the criminal manoeuvres of the U.S. imperialists and the Pak Jung Hi murderous bandits and take hundred-fold, thousand-fold revenge upon the truculent fascist hangmen.

All the patriotic people of South Korea should hold higher the banner of the anti-U.S., national salvation struggle against the U.S. imperialists and their stooges and for freedom and liberation and national unification and set the southern land in the flames of resistance for crushing the enemy.

The people in the northern half should support and encourage more actively with might and main the South Korean brothers and sisters who are struggling, shedding blood and giving up their lives on the road of revolution indicated by the Leader so that the banner of freedom and liberation may fly in South Korea, the land of darkness, the article emphasizes, and says in conclusion:

The people of North and South Korea will surely overthrow the U.S. imperialists and their stooges and accomplish the South Korean revolution and the great cause of national unification.

S. Korean Youth, Students Continue to Defy Fascist Suppression and Demonstrate against "Third-Term" Bid of Enemy

Reports reaching here from South Korea all indicate that the struggle of the heroic South Korean youths and students will continue into burning midsummer despite the fascist bloody suppression of the U.S. imperialists and the Pak Jung Hi clique.

Students of Law College of Seoul University raised the first torch of struggle on June 12 in their campus against the treacherous attempt of the Pak Jung Hi clique to cling to "power for third term through constitutional amendment," on U.S. imperialist manipulations.

The youths and students already knocked down several hundred enemy police bandits.

Determined students of Yunse University, Seoul took to the street on July 7, relentlessly demonstrating against the vicious attempt of the U.S. imperialists and the Pak Jung Hi puppet clique to cling to "power" through "constitutional amendment for third term."

Students of Liberal Arts and Science College of Seoul University held a rally on July 17 in front of the "Monument to the April 19 Uprising" in their campus, denouncing the vicious "third term" bid of the enemy.

The students assembled in the school at around 11 hours 20 minutes in the morning, breaking through the manifold repressive cordon of the enemy and held a denunciation meeting. They adopted a five-point resolution, demanding the traitorous Pak Jung Hi clique give up at once the dirty scheme to "revise the Constitution" for long-term "office," manifesting their firm determination to fight to the end against the fascist terror rule of the U.S. imperialists.

The struggle of high school students took place in succession after July 9 in Masan where the torch of the righteous April 19 Uprising was raised first and in Pusan, Taegu, Andong, Taejon, Kwangjoo and other local places.

High school students waged a fierce struggle against the outrageous fascist suppression by the enemy, exposing and denouncing the long-term "office" scheme of the traitorous Pak Jung Hi clique and shouting slogans opposing fascism and demanding democratic rights.

On July 11, more than 1,000 students of the Andong High School in North Kyongsang Province held a meeting in the school campus and unanimously denounced the sinister machination of the Pak Jung Hi gangsters to stay in the puppet "regime" and further intensify the fascist terror suppression at the dictates of the U.S. imperialist master.

The students manifested their determination to fight to the end in firm solidarity with their comrades-in-arms of all schools in other localities to smash the scheming of the enemy and turned out to the street.

They held a demonstration shoulder to shoulder with each other in surging spirits. When puppet mobile police bandits blocked their way and pounced upon them, the infuriated students unfolded a fierce struggle against the bandits.

Earlier, on July 9, more than 200 students of Kyongbook High School in Taegu held a meeting in denunciation of the long-term "office" scheme of the Pak Jung Hi puppet clique and went over to a demonstration. On the street they courageously fought against police bandits who tried to block their way.

The struggle of college and university students are further developing in depth, expanding into a mass struggle.

In the last few days, students of the "Hankook Social Welfare College" in Taegu, Engineering College under Chunbook University in Riri and Medical College under Pusan University and hundreds of students of Mokpo Pedagogical College held denunciation meetings and demonstrations and gallantly fought against the enemy.

At their indignation meeting many students of the "Hankook Social Welfare College" resolutely denounced the criminal act of the enemy, shouting "Give up at once the scheme to revise the Constitution for third term election" and "Stop surveillance on schools." They read out a declaration, which stressed that "We are ready to wage a bloody struggle against any anti-democratic forces till the freedom of schools is ensured," and ardently appealed in a letter to the entire college and university students of South Korea to "rise up determinedly as one to smash the constitutional revision for third-term election desecrating the blood shed by our seniors."

On July 8, over 300 students of Pusan University held a demonstration against the scheme of the Pak Jung Hi military gangsters, the running dogs of the U.S. imperialists, and their fascist suppression of schools.

The students of Pusan University, who have been waging a staunch struggle under the slogan "Let us not allow the blood of valiant fighters of the April 19 Uprising to have been shed in vain," broke into the school, defying the fascist "school closure order" issued by the Pak Jung Hi military gang and held a meeting, denouncing the crimes of the scoundrels and then turned out in a demonstration struggle. They manifested their determination to fight to the end to smash the intrigues of the Pak Jung Hi military hooligans, the running dogs of the U.S. imperialists, to stay in power for a long term, and their suppression of schools.

Over 100 students of Pusan Fishery College launched on July 8 a sit-down struggle under the slogans "Withdraw the step of closing schools" and "We oppose the constitutional revision for third term election." They pungently denounced the criminal fascist repressive acts of the Pak Jung Hi military gang, the running dogs of the U.S. imperialists, against the patriotic youth and students who have risen up in the righteous struggle and renewed the resolve to persist to the end in the struggle for smashing the foul long-term "office" scheme of the scoundrels.

Flurried by the massive advance of school youth which is gaining in scope and strength, the Pak Jung Hi fascist bandits are still more frantically resorting to barbarous suppression.

The puppet clique planted their secret agents and hirelings in schools and are trying to baffle the struggle of students by means of sanguinary suppression and blackmail and threat.

For instance, secret agents of the Pak Jung Hi clique who sneaked into the Dongrai High School in Pusan under the guize of "teachers" perpetrated violence against students who rose up in a just struggle and inflicted heavy wounds upon them.

The enemy also took the suppressive measure of issuing the closure order to high school and closed them like colleges and universities by force.

With no fascist suppression, however, can the U.S. imperialists and the Pak Jung Hi puppet clique quench the rising flames of the mass struggle of South Korean students or check their resistance spreading to the whole areas of South Korea with rapidity.

great services to founding the United Revolutionary Party and strengthening and developing it through an indefatigable struggle, forgetting sleep and food.

He said that the late Comrade organized the "Fatherland Liberation Front," "National Liberation Front" and the "Association of University Graduates in the 1960s," "Society for Study of New Culture" and many other organizations and actively organized and marshaled the revolutionary masses in the anti-U.S., national salvation struggle and the struggle against fascism and for democratization.

The late Comrade, together with his comrades-in-arms in revolution, published the "Revolutionary Front," organ of the Party and "Chungmaik," journal of the Party, pulling through many hardships, and plunged himself in the literary activity, deeply implanting the great revolutionary ideas of the Leader in the mind of the working class and people, the speaker said.

He continued:

The Comrade was infinitely loyal to Comrade Kim Il Sung, the great Leader of our people, peerless patriot of our nation and outstanding Marxist-Leninist. The great image of the Leader and his invincible revolutionary ideas were deeply engraved on the heart and brain of the Comrade and the prestige of the Leader and his ideas were absolute to the Comrade.

The Comrade regarded it as the immutable rule of life and the primary demand of the revolutionary activities to arm oneself with the revolutionary ideas of the Leader and so he embodied this rule in practice.

The Comrade put his heart and soul into the study of the ideas of the Leader far into the night, nay all the night through, and studied "Selected Works of KIM IL SUNG" and other immortal works of the Leader and the "Biography of KIM IL SUNG" till the pages got fluffed and systematically listened to the radio of the northern half, thus constantly arming himself with the ideas of the Leader.

Comrade Kim Il Sung, our Leader, was, indeed, the eternal symbol of the victory of revolution and the bright sun for the Comrade.

The Comrade constantly reared and trained his comrades in revolution as fighters faithful to Comrade Kim Il Sung, the Leader of the revolution, by enhancing among them the prestige of the Leader and making absolute the revolutionary ideas of the Leader, "It is the Outlook on the Life of Korean Communists to Live for the Leader When They Live, and Die for the Leader If They Should Die." This revolutionary slogan upheld by the Comrade was the world outlook of the Comrade and, at the same time, it was the norm of ideology and action for rearing our comrades-in-arms as indomitable revolutionary fighters faithful to the Leader.

Thinking of the Party and the organization before he thought of his wife and children and placing the interests of revolution before his family, the Comrade proudly showed to his fighting comrades-in-arms and all the people through his undaunted struggle how a revolutionary should live and fight and how glorious the life of a revolutionary was, the speaker said.

He continued: Turning the prison and murderous "court" into new arenas of struggle, the Comrade fought like a phoenix, valiantly withstanding all the brutal tortures and converted the murderous "court" into a rigorous court of history condemning the notorious crimes of the oppressors.

The Comrade sent shivers down the spines of the enemy in the murderous "court" with the sharp refutation that "If the patriotic struggle of the United Revolutionary Party for unifying the bisected fatherland is a crime, what are you then, who have sold off the country to the aggressors, driven the people into a horrible hell and are tyring to perpetuate the split of the nation?"

The confession of a South Korean journalist that the Comrade "exploded lingual bombs in rapid succession like an angry lion" offers a vivid picture of the last struggle of the Comrade.

The speaker bitterly condemned with surging indignation the U.S. imperialists and the Pak Jung Hi puppet clique who locked up the Comrade in a dark underground cell and threw him into unconsciousness through barbarous tortures and anaesthetizing, to put an end to his "court" struggle and prison struggle, and deprived him even of the "right of appeal" for fear of his further appearance in the "court" and at last committed barbarity never to be condoned down through generations by murdering the Comrade.

The Comrade who showed the lofty spiritual world and Communist traits of a revolutionary, is never dead, and the name of the Comrade who dedicated what was most precious and beautiful of human life for the revolution, will shine forever in the annals of the fatherland together with the banner of the United Revolutionary Party.

The enemy desperately tried to stamp out our grand revolutionary cause by robbing us of our dear Comrade, but thousands of, tens of thousands of, new Kim Jong Tai will turn out on to the plaza of revolution, and win victory in the revolution by mercilessly wiping out the enemy. As the Comrade showed an example himself, we will firmly arm ourselves singleheartedly with the revolutionary idea of Comrade Kim Il Sung, the great Leader of the 40 million Korean people, peerless patriot, national hero, ever-victorious, iron-willed brilliant commander and one of the outstanding leaders of the international communist movement and working-class movement, and become true revolutionary soldiers of the Leader, showing all loyalty to him.

We will make shine long the United Revolutionary Party built at the cost of blood inheriting the brilliant revolutionary traditions of the glorious anti-Japanese armed struggle which the Leader personally created, raising the torch of restoration on the peak of Paikdoo for 15 long years, and will accomplish without fail the lofty cause left unfinished by the fallen Comrade.

Following the Comrade, we will firmly build up the main force of the revolution by going among the workers and peasants and rally the broad patriotic democratic forces around it, to carry into effect the strategic and tactical lines on national unification and the South Korean revoluion put forth by the Leader. Thus we will fulfil at the earliest date the people's democratic revolution of overthrowing the U.S. imperialists and their stooges in the southern half and accomplish the sacred cause of national unification, the aspiration of the nation, and surely avenge the Comrade who fell with deep resentment, the speaker said in conclusion.
